

Delivering Energy Takes Talent

TransCanada is a leading North American energy infrastructure company - we build and operate the pipelines, power plants, and gas storage facilities that supply energy to major markets. We are growing - in pipelines, power and expansion into new businesses, including oil pipelines and liquefied natural gas (LNG) facilities.

Consider becoming part of our team and growing with us. We are looking for talented people who have energy for change, can build powerful partnerships, and deliver sustainable results. We offer the challenging work and exciting projects that create boundless possibilities for your career. At TransCanada, our employees are our competitive advantage.

Property Tax Advisor

Reference Code ASN50067753-02

Location

Calgary, AB

General Information

The following position is available in the Property Tax area reporting to Kirk Wasylik, Senior Tax Advisor/Property Tax.

Responsibilities

This position is responsible for property tax planning, compliance, and minimizing the impact of property taxes on the company assets through creative tax and business planning. Specific duties include:

- proactively analyzing property data to identify and assist in the valuation of company owned assets;
- coordinating valuation data, for reporting requirements to the appropriate assessment authority;
- assist with the preparation of submissions to government agencies;
- assist with periodic presentation of property tax results to key groups;
- review, interpret and analyze provincial statutes and court rulings related to TransCanada business activities;
- conduct ongoing negotiations with assessment officials relating to the assessment valuation of TransCanada assets;
- assist in providing property tax information to and responding to related inquiries on all TransCanada and subsidiaries assets.

Qualifications and Education

Qualifications/Competencies Required:

- Excellent interpersonal and communication skills;
- Proven team player, with the ability to develop and maintain collaborative working relationships;
- Candidate must be adaptable and customer focused;
- Superior analytical and problem solving skills;
- Self-starter, with the ability to manage competing priorities;
- Extensive travel is required.

Education/Experience & Comments:

- Professional assessment/appraisal designation (CMI/CAE/MIMA/AMAA/AACI or equivalent) or working towards one of the noted designations;
- Undergraduate degree/ diploma in real property assessment or equivalent;

- 5-7 years progressive related experience;
- Solid technical knowledge of Assessment / Taxation;

Posting closes April 30, 2008.
