Managing Director, Technical Standards & Policy
Central Office – Regina

This is a senior executive level position responsible for planning, organizing, staffing, directing and controlling the development, communications, application, and enforcement of assessment policy and standards in pursuit of fair and equitable assessment of properties and businesses in Saskatchewan.

You will have a proven track record in providing strategic and operational leadership and direction in the development, communications, application, and enforcement of assessment policy, standards and guidelines and in the provision of complete, accurate and timely assessment information to provincial government agencies and other key clients and stakeholders. You will develop, recommend, communicate, implement and review strategic and operational objectives, plans, and policies to guide the delivery of services provided by the Division while ensuring that the objectives of the Division are clear, well integrated with other divisions and the organization as a whole, and understood by all employees in the Division.

You have superior leadership abilities in organizing and leading work groups and in managing change. You have the ability to work collaboratively with various levels within the Agency, a Board of Directors, client and stakeholder groups. You possess excellent written and oral communication and presentation skills.

Typically, you will possess a university degree in a related discipline or the equivalent combination of training and experience. You will have extensive experience at a progressively responsible senior level in the delivery of assessment policy along with extensive knowledge of assessment legislation and procedures. The successful candidate will be licensed to undertake valuations in Saskatchewan and will be registered or eligible for registration as an Accredited Assessment Appraiser of Saskatchewan (AAAS) through the Saskatchewan Assessment Appraisers' Association. The successful candidate will hold a professional appraisal/assessment designation AACI or CAE.

Competition Number: 08-BR31
Closing Date: July 31, 2008
