

The Criteria to Qualify for Additional Depreciation – the CNRL Decision

In mid-November the Land and Property Rights Tribunal (formerly the MGB) issued its decision regarding complaints filed by CNRL. CNRL was seeking additional depreciation under Schedule D of the Machinery and Equipment Minister's Guidelines. The Alberta Assessors' Association is pleased to sponsor a webinar discussion about the case featuring the legal counsel and one of the witnesses involved. Speaking on the panel are Gil Ludwig and Brian Dell who represented CNRL, Mike Minard the Acting Director of CIPA, who gave evidence in the hearing, Greg Plester who represented two of the affected municipalities, and Michael Swanberg and Carol Zukiwski who represented the Provincial Assessor.
